SUMMARY:

Economics and Statistics student-athlete with practical investing experience and a track record of consistency in academics, athletics, and work. I bring steady execution, a strong curiosity about investments and portfolio management, and the ability to learn quickly and contribute reliably.

PROFESSIONAL SKILLS:

Investment Research:

- Conduct equity research through Pioneer Capital Investments, including thesis development, valuation, and catalyst analysis.
- Build financial models and evaluate company fundamentals using both quantitative and qualitative metrics.

Financial and Data Analysis:

- Analyze datasets using R, SQL, and statistical methods to identify trends, relationships, and actionable insights.

Collaboration and Communication:

- Work closely with student analysts to develop presentations, defend investment theses, and reach portfolio decisions.
- Communicate effectively with high-net-worth golfers at Omaha Country Club, adapting to different personalities and situations.

Leadership and Consistency:

- Balance rigorous academics, athletics, and investment research responsibilities as a student-athlete with consistent execution.
-

EXPERIENCE:

Student Analyst

Pioneer Capital Investments, Grinnell, IA

September 2025 – Present

- Conduct equity research and pitch investment opportunities as part of Grinnell College's student-run fund, gaining hands-on experience in financial analysis and market strategy.
- Collaborate with team members to actively manage a real-money portfolio, applying both fundamental and technical analysis to evaluate performance and guide decision-making.

Caddie

Omaha Country Club, Omaha, NE

May 2025 – Present

- Delivered high-quality customer service, fostering positive relationships with members and guests in a professional and attentive manner.
 - Provided strategic support to golfers by giving accurate yardages, green reads and course management advice to enhance performance.
-

COURSEWORK:

- Microeconomics
- Data Science
- Public Economics

Upcoming Courses:

- Macroeconomics
- Econometrics
- Investments

STUDENT-ATHLETE:

- Division III baseball player, balancing 30+ hours weekly of training and competition with a rigorous academic schedule.
 - Earned Academic All-Conference in 2025
-

Education:

Grinnell College: Economics Major;
Concentration in Statistics
GPA: 3.70/4.0
Expected Graduation: 12/2027

Certifications:

- FINRA Securities Industry Essentials (SIE) Exam – *Passed* (January 2026)
